- Get College Credits in Seven Weeks this Summer!
- Excellence in Teaching @ BCC

## Get Summer Credits @ BCC!

Home this summer? Earn credits at BCC toward your degree—online or on campus!

With our simple admissions process and fast online registration, you can take classes that will help you reach your degree goal more quickly. We offer an excellent value in tuition, too. Take General Education courses that will transfer where you go, closing the gap between you and your graduation date.\* Or take a cool elective!

Don't want to be in a classroom during the summer? We hear you!

You can take classes online and do your coursework anywhere you have online access. Visualize getting your

Break out the lemonade and crank out some credits. You can do this! Yeah!

class work done while sitting with your laptop under a shady tree outdoors. Ah, the breezes and that cold glass of lemonade...and two to fifteen credits on your transcript by August 6!

Summer Quarter starts June 23 and ends August 6. No classes on Fridays during the summer!

For great summer class options, check out our schedule now:

[www.bellevuecollege.edu/summerschedule](http://www.bellevuecollege.edu/summerschedule).

\*Transferability subject to policies of baccalaureate-granting institution. See your advisor for assistance.

## PNW History offered Summer Quarter @ BCC

Ahhhh, summer! Sun, sand, and...history?

Just a reminder that Pacific Northwest History will be offered again this summer at BCC. Taught by veteran instructor T.A. Perry, the course covers the history of Washington State and the Pacific Northwest region, with

colorful stories about early settlements, territorial misunderstandings, and the occasional underhanded dealings of the Seattle pioneers.

The course will be offered as a "telecourse," which means the class meets once weekly on Monday evenings and the remain-

der of the content is delivered via television on BCC's channel 28, or on videotapes which can be borrowed.

Look for HIST 214, item # 5447, in our summer schedule (formerly HIST 264).

## Teacher Excellence @ BCC

At Bellevue Community College, excellence in teaching is the rule, not the exception. The faculty at BCC are committed to a student-centered approach and bring infectious enthusiasm and passion to their teaching. BCC instructors present an engaging curriculum with a solid theoretical foundation in their subject areas, using innovative technology as well as assessment and feedback to enhance student learning. BCC learning opportunities go beyond the boundaries of the classroom, preparing our students for the next great thing, not just the current thing. Our faculty strive to

mentor the “whole student” in order to foster a recognition of excellence and a desire for it.

Students at BCC learn with and from one another through multi-modal teaching strategies and BCC faculty are careful to delineate sound learning goals and to offer a range of opportunities to achieve those goals. Subject areas are current and relevant and our faculty are chosen not only for their expertise and the ability to pass on mastery of content but also for thoughtfulness, responsiveness to student needs, and cultural compe-

tency. Bellevue Community College is committed to the success of every student.

**BCC students have a great freshman and sophomore experience, with help to develop a strong transfer application.**
