Courses

@ BCC

RACE & ETHNICITY. Introduction to White Culture in the United States (Ethnic Studies 102) and Introduction to Native American Studies (Sociology 120 or Ethnic Studies 120). Both courses provide a historic and contemporary perspective on race relations in America.

NEW! CSI BELLEVUE. Introduction to Forensics (Anthropology 207/Admin. of Criminal Justice 207) Crime scene investigation is one of the fastest-growing college majors. Learn the methods used by the experts to recover and interpret evidence. Hands-on experience!

INTERNATIONAL OUTLOOK. States & Capitalism: emergence of the Modern Global System (International Studies 200).

Explores how events of the past 500 years gave rise to the present global system of capitalism, the modern state, and why China's long overdue rise is unstoppable.

HUMAN STUDIES. Biological/Physical Anthropology (Anthropology 201). Study of the human animal – our genetics, evolution, and contemporary variation.
