- If Yes, explain:

Purpose: On April 19, 2024, the U.S. Department of Education released its final rule to fully effectuate Title IX’s promise that no person experiences sex discrimination in federally funded education. Before issuing the proposed regulations, the Department received feedback on its Title IX regulations, as amended in 2020, from a wide variety of stakeholders. The final regulations strengthen several major provisions from the current regulations and provide schools with information to meet their Title IX obligations while providing appropriate discretion and flexibility to account for variations in school size, student populations, and administrative structures. The final regulations also provide greater clarity regarding: the definition of “sex-based harassment”; the scope of sex discrimination, including schools’ obligations not to discriminate based on sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity; and schools’ obligations to provide an educational environment free from discrimination based on sex. The final regulations are effective on August 1, 2024, and apply to complaints of sex discrimination regarding alleged conduct that occurs on or after that date. Existing policies and procedures will remain in place for complaints of alleged conduct that occurs prior to August 1, 2024

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: The final regulations strengthen several major provisions from the current regulations and provide schools with information to meet their Title IX obligations while providing appropriate discretion and flexibility to account for variations in school size, student populations, and administrative structures. The final regulations also provide greater clarity regarding: the definition of “sex-based harassment”; the scope of sex discrimination, including schools’ obligations not to discriminate based on sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity; and schools’ obligations to provide an educational environment free from discrimination based on sex.
