Course Prerequisites

- A 30 prior credit of college is recommended. You should have a good understanding of basic Math (Algebra) such as calculating averages, percentage changes, graphing, and setting up and solving simple equations. Additionally, you should have good English writing skills.

How Outcomes will be met

Firstly, please make sure you have your MyBC Account activated, and your Canvas account. Always check CANVAS for “Modules”. Read through the Syllabus and the Course Calendar.

To help us structure the class, please check the calendar in the last page of this syllabi. Here are the plan of the class sessions tentatively:

- Lecture (chapter coverage see below for the schedule), and going through some examples
- In-class (group) exercises (teamwork) and Discussions – will be assigned each week
- Quizzes (every other week, on Friday, covering materials every two weeks) - check Modules for date/schedule
- Please read the chapters discussed in class prior and/or after attending classes.

Grading

Each of your work will graded with 100 point-base and then will be taken in percentage as follows:

Teamwork/Participation	20%
In-Class Group Exercises	20%
Quizzes	20%
Projects	20%
Final Exam	20%
Total	100%

Grade Range:

A	92-100
A-	88-91.9
B+	84-87.9
B	80-83.9
B-	76-79.9
C+	72-75.9
C	68-71.9
C-	65-67.9
D+	60-64.5
D	56-59.5

We will cover (more or less) 16 chapters of the textbook, and for each chapter you will have enough assignments to improve your grade (homework or in-class exercise) throughout the term. Your grade reflects your understanding of the chapter readings and lectures, and the time and efforts that you put into it. Including in the participation is (not only attendance) but also your attention and participation in solving problems, or responding to the examples, which you might be asked in turns.

Books & Materials

For Reference: Microeconomics, Paul Krugman and Robin Wells, 5th edition, Worth Publisher; You may use the earlier edition for reading materials for less price.

Discussions will also cover the ongoing economic issues from newspapers and magazines: The New York Times, Economist, Business Week, Fortune, and other online sources.

The Participation/Discussion constitutes 20 percent of your final grade.

This includes your attendance, participation in problem-solving, questions and answers, and a positive attitude in class.

A successful student have the following positive traits:

1. Dependable: Attend every class and be on time, college is much more intense than high school. If you must be absent, let the instructor know and find out what you missed, and catch up by the next class. If you must leave class early, let the instructor know prior to class.
2. Prepared for class and complete homework on time. Read the assigned material before class and come prepared with questions or comments. Bring tools needed: books, syllabi, handouts, folder to neatly store assignments. Patience. Kindness. Hardwork.
3. Paying attention, focused and not distract others. Avoid disruptive behaviors such as texting, interrupting others, walk out of the class, loud, putting others down, doing other courses' homework, etc.
4. Do your own work: confident building, be a team player, respect others
5. Turn-off all other distractions: cellphone, laptop/ipad

In-Class Exercises constitute 20 percent of your final grade. Every day or every other day after lecture and discussion, you will be assigned to solve a few problems to reflect the materials of the day and to check your understanding; and I will also use this to monitor your attendance and participation . You may work as a group, but make sure you are fully involved (instead of relying on your classmates), as you will have to understand the materials when you do your Quizzes and Exam.

Quizzes constitute 20% of your final grade. There will be four quizzes, every other week, on Friday. Multiple choice-questions that cover the materials that we discussed for two weeks.

Projects constitutes 20% of your final grade. By mid of the term, around Week 5 we'll discuss the projects, and I'll provide guidelines. You will present it towards the end of the course, just before the Final Exam.

The Final Exam constitute 20 percent of your final grade. Final Exam will follow the College's schedule, and it will consist of 50 multiple-choice questions. Please do not miss the exam. If it is an emergency, you must notify me beforehand, and bring a written document. You may do this makeup exam before the end of the quarter to get your final grade. This exam will not be corresponding with the exam that your other classmates had completed.
